He wrote penetrating novels on political, social, and gender issues and conflicts of his day. In 1867 Trollope left his position in the British Post Office to run for Parliament as a Liberal candidate in 1868. After he lost, he concentrated entirely on his literary career. While continuing to produce novels rapidly, he also edited the St Paul s Magazine, which published several of his novels in serial form. His first major success came with *The Warden* (1855) - the first of six novels set in the fictional county of Barchester. The comic masterpiece *Barchester Towers* (1857) has probably become the best-known of these. Trollope s popularity and critical success diminished in his later years, but he continued to write prolifically, and some of his later novels have acquired a good reputation. In particular, critics generally acknowledge the sweeping satire *The Way We Live Now* (1875) as his masterpiece. In all, Trollope wrote forty-seven novels, as well as dozens of short stories and a few books on travel.
